

ClearSpray™ M7P Spraying System

Electrically-powered spraying system for the safe and easy application of Ritec ClearShield® durable 'non-stick' glass surface protection in your premises.

Practical • Easy to use • Reliable

Safe to Use and Reliable

The ClearSpray™ M7P Spraying System is manufactured by Ritec International in the UK to the highest level and adheres to all current H&S regulations.

The motor and pump is manufactured from polypropylene, the rubber seals and valves from EPDM (Ethylene Propylene Diene Monomer) and tubes are of PTFE ('Teflon'), all of which are high quality, chemically-resistant materials to ensure long life.

Using the ClearSpray™ M7P

The ClearSpray™ M7P plugs straight into an electrical supply and is portable for added convenience. A pressure switch is fitted which regulates the pressure to 4-6 bar automatically. One of the major benefits of this equipment is that the system is self-priming.

The total capacity (content) of a ClearShield® canister is 169 US fl oz (5 liters). With an airless pump system, this enables an applicator to carry out the spraying undisturbed for around 2,150ft² of normal float glass before additional product is needed.

Guarantee

The M7P is fully guaranteed for 12 months.

TECHNICAL SPECIFICATIONS

Model:	ClearSpray™ M7P
Voltage:	12V dc 110 / 115V ac @ 0.50A 220 / 240V ac @ 0.25A
Conforms to:	73 / 23 / EEC 89 / 336 / EEC
Pump Type:	Twin piston diaphragm
Seals / Valves:	EPDM
Spray Gun Type:	AA23H fitted with 650033 SS nozzle
Normal Average Working Pressure:	4 bar
Casing:	Epoxy powder coating on mild steel
Total Gross Shipping Weight:	22lb

Brass Teflon Valve Seat
Product code: 930206

Flojet Pump Diaphragm Kit (epdm)*
Product code: 930260

PTFE Suction Line Tube (3' 3'')
Product code: 930402

Spray Gun
Product code: 930208

Pressure Switch
Product code: 930265

Draper Combination Spanner (53/64'')
Product code: 930500

Spray Gun T-Jet Disc Strainer
Product code: 930210

Membrane for Pressure Switch
Product code: 930267

Blue Coiled Hose (20')
Product code: 930954

Spray Gun T-Jet Nozzle
Product code: 930217

Flojet Pump Check Valve (epdm)
Product code: 930269

Illuminated Rocker Switch (red)
Product code: 940012

Cup Washer (EPDM)
Product code: 930222

Flojet Pump Kit Body Spray Head*
Product code: 930270

Drum Cap (for use with 5-litre Drums)
Product code: CTD05BTP

Flojet Pump 240v 50Hz
Product code: 930258

Glycerine Pressure Gauge 2 1/2 0-6 or 0-10 Bar
Product code: 930280

Flojet Pump Baseplate (plastic)*
Product code: 930259

FF 1/4 Mini Ball Valve 9
Product code: 930310
